## DISPLAY INSTRUCTIONS

### Step 1 – Empty the Box

Pull all contents out of the box (diagram 1a). Contents: Black Stand, Black base with bottles, Header, Acrylic Magazine Holder and 2 bundles of catalogs (diagram 1b).

### Step 2 – Your black stand

Take stand and unfold into a square base. Fold tabs on the bottom to hold in place. Then fold sides to perforated folding as shown in diagram 2a. Fold down the front flap for the seat of the base as shown in diagram 2b. Fold slots into base to lock in as shown in diagrams 2c and 2d.

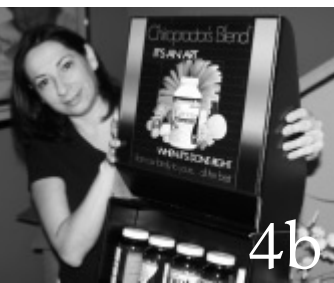

# Step 3 – Your Black base with bottles

Take wrap off of the Black Base with the bottles (diagram 3a.). Then turn base around and pull out flaps as shown in diagram 3b and 3c. Turn base back around and slide the tabs to lock into the Display Stand. Make sure the base is sitting securely on the stand as shown in diagram 3d.

# Step 4 - Your Header

Fold center part of the Header. Should look like diagram 4a. Slide header onto the top of the display base (diagram 4b) and slide all the way down. The back of the header has a stopper to let you know how far down to go as illustrated in diagram 4c. Once completed, display header should look like diagram 4d.

# Step 5 – Your Acrylic holder

Push front tabs on the bottom of the display stand (diagram 5a). Insert acrylic holder into slots.

# Step 6 – Finishing Up

Straighten out the bottles so labels are all facing forward (diagram 6a). Now your display is assembled and should look like diagram 6b.
